

## **Fostering Hope:**

Do you have time to share your life with a child?

Have you ever thought about becoming a foster parent?

At any given time there are over 100 children from McDowell County that live in foster homes or group homes. Here at McDowell County Department of Social Services, our goal is to try to keep all of these children in their home community so that they can maintain connections.

## **The Need:**

We need foster families for children of all ages, but specifically for teenagers, sibling groups, and children of minority backgrounds.

If you and your family feel that this might be a way for you to minister to, and serve, your community, please contact Jenny Millsaps at McDowell County Department of Social Services at 659-0684 or email [jenny.millsaps@mcdowellcountyncdss.org](mailto:jenny.millsaps@mcdowellcountyncdss.org) for more information.

Your choice can make a difference in the lives of many children in McDowell County.

Thank you for your consideration.
