

Medicare Advantage Disenrollment Period (MADP)

The Medicare Advantage Disenrollment Period (MADP) is January 1 through February 14 of every year.

During the MAPD (Medicare Advantage Prescription Drugs) Plan Disenrollment Period beneficiaries can change their coverage back to Original Medicare and obtain a standalone drug plan. The change will become effective the first day of the following month. You cannot make any changes if you participate in Original Medicare. You cannot switch from one MAPD plan to another during this time.

Remember enrollment in a Medicare PDP (Prescription Drug Plan) will automatically disenroll a beneficiary from their MAPD. It is important to remember that you can only have a PDP if you are enrolled in Original Medicare or you have PFFS(Private Fee-For-Service) plan.
